

Fidelity of Implementation Checklist

Use this customizable checklist to assure that you're implementing student voice and choice with fidelity. Once your program determines the student voice and choice methods you wish to adopt, you can use this checklist as a formal or informal assessment.

Alignment With Student Voice and Choice	Needs Work	Emerging	Strong
We've established a method for collecting student voice.			
We collect student voice data at regular intervals.			
We include student voice in program planning sessions (either in person or through written records).			
Students serve on all program committees.			
Staff understand the importance of student voice.			
Students regularly have substantive choices during program activities.			
We survey students about their satisfaction with the program.
